### Spring Clean Community Yard Sale

4/27 8 a.m. - 4 p.m.

## Spring Clean Yard Sale 4/27

Please join us for a Spring Clean Community Yard Sale on April 27th from 8 am-4 pm. All proceeds will go towards the activity wish list. This will be a great opportunity to get our life skills stations started that we have been talking about. Let's make this sale a great way to eliminate things you don't need or want. Spring cleaning can be fun when

you know the things that you are eliminating will benefit your loved one.

Please sign up with the Activity Director (Wendy) so we can get you a spot reserved. We will also have a bake sale for the Culinary Dept.

## Resident Spotlight

I want to introduce Chuck M. He is one of our residents here at BP; I couldn't think of a better man to choose

than him. Chuck has a huge heart and is always in a great mood. He never complains and goes with the flow. We all just adore Chuck.

Chuck was born in Santa Monica, California where his father was in the military there. Chuck's father built aircraft in the military, therefore leaving Chuck loving airplanes. He grew up in Childress, TX. He has one brother and one sister. His dad owned the Royal Crown bottling company; Chuck worked for his father. He married the love of his life Dorothy, and they had one daughter. They have been married for 61 years. Once his father sold the company, he and Dorothy moved to Houston, TX. He then started laying carpet for a carpet company. He wanted to excel in his knowledge, so he started working for Blue Bell Creameries. He worked there for 30 years then retired. Chuck loved working on motorcycles and cars in his downtime. He also loved to fish. He has two grandchildren who adore him.

## Housekeeper Spotlight

I want to take a moment to give this wonderful lady a shout-out. Maria is our housekeeper and has been with Sagora for over 8 years. Maria is super friendly to everyone she meets. She is great with the residents and has a sweet personality. She can clean like no other. When she was on vacation a few months back, everyone kept asking when she would return because she has that special touch. No one can clean like her.

Maria was born and raised in Mexico on a ranch (Vista Hermosa). Maria has been married to her husband for 33 years and has two wonderful children.

Thank you Maria for giving so much to our community.

## Spring Clean & green

April is a month of new beginnings. The winter weather has come to an end, there's more light instead of darkness and new life is breathed into creation. New growth is everywhere — not just outside in nature, but also within oneself.

People are inspired and moved to act as new life fosters a strong sense of openness. Inspiration leads to motivation, which then leads to productivity. That is part of the reason April is known as the prime time for spring cleaning. Making things super clean goes beyond a deep clean. Decluttering and reorganizing are central actions at home. Internally, it's time for the mind, body and soul to be refreshed. People need to reset their systems to catch up with the new life surrounding them.

It's no wonder that April is overflowing with holiday observances that support these notions. A fresh start includes taking care of the environment and finding ways to better care for oneself. Celebrating National Inspiring Joy Day on April 3 is a great way to honor one's self. On the flip side, green and growing things are celebrated through International Plant Appreciation Day on April 13, National Gardening Day on April 14 and Earth Day on April 22. This month is also National Garden Month.

Take advantage of all that April has to offer and spring clean everything, including one's surroundings and personal health and wellness routines.

# Supporting Autism Awareness Month

In April of 1970, a new annual observance began to take shape due to the efforts of autism researcher and psychologist Bernard Rimland, PhD. April became Autism Awareness Month by design. Rimland saw the significance of spring's new life and new beginnings. In addition, he wanted to honor his son who celebrated an April birthday. April appeared to be the perfect choice for this monthlong holiday.

Autism Awareness Month's mission is to heighten awareness and promote acceptance of autism spectrum disorder or ASD. This developmental and neurological disorder has a substantial impact on behavior and the ways people learn, communicate and relate to others. There is so much diversity in the disorder. Obtaining a proper diagnosis and an accompanying treatment plan takes time and many specialist visits. Typically, treatments fall into two main areas. One includes therapies that target core autism symptoms like communication problems, social difficulties and repetitive actions. Another includes therapies that hone in on behavioral problems and other secondary symptoms like irritability. Currently, no approved drug treatments address the core symptoms, but there are some that address secondary symptoms.

That being said, new treatments are an ongoing area of research. Trials are currently underway that focus on a hormone integral in the human bonding experience, oxytocin. Some scientists believe it could be an effective tool in increasing social awareness, helping those with ASD better understand eye contact, body language, tone and other social information.

There are so many ways to support Autism Awareness Month. Learning about autism, attending or volunteering at nearby autism awareness events and advocating for the cause are just a few of them. April is a great month to get involved and support the cause!

## Welcome Our New Team Member!

Meet our newest Sales and Marketing Director, Brittney C. In the short time she has been here, she has shown all of us that she is a team player. Brittney is always offering a helping hand wherever it is needed. Thank you, Brittney, for showing us that you are a great fit at Bristol Park.

Brittney attended Texas State University San Marcos and graduated with a bachelor's in healthcare administration. She has worked in healthcare for eleven years with experience in home health, hospice, home care and memory care.

Brittney moved to the Conroe area two years ago from San Antonio. She is engaged and her wedding is in April 2024. She loves spending time with her family and dogs outside. She also likes spending summer days on Lake Conroe.

Brittney is excited to join the Bristol Park team and looks forward to getting to know everyone.

## Resident's Favorite Memory Verse

This is the favorite memory verse from one of our residents, Sandra H. Sandra recites this daily as well as leads bible study on Saturdays with Gaynell M. at 11:15 a.m.

Come join us for a fun-filled fellowship on Saturday morning.

This is the  
day that the  
Lord has  
made. Let  
us rejoice  
and be  
glad in it.
